CERTIFICATIONS AND WORKSHOPS

Alpha Intern's Winter Domination

Technical Workshop

February 2025

MMDU, Mullana Campus

- Participated in an intensive workshop focused on real-world tech skills and project building.
- Learned fundamentals of full-stack web development using modern tools.
- Explored resume building, and personal branding tips.

GDG Hackureka 2025

Hackathon Participant — Travel Chat Assistant Project

March 2025

MMDU, Mullana Campus

- Collaborated in a team environment to conceptualize and develop a prototype for a travel chat assistant.
- Designed an interactive front-end using HTML, CSS, and JavaScript, enhancing user experience for real-time chat.
- Strengthened skills in rapid prototyping, teamwork, and problem-solving under tight deadlines and technical constraints.

Build a Computer Vision App with Azure Cognitive Services

Project Certificate — Microsoft (via Coursera)

June 2025

Online

- Developed a computer vision application using Microsoft Azure Cognitive Services and integrated its APIs.
- Gained hands-on experience in image recognition, data processing, and cloud-based AI solutions.
- Strengthened understanding of AI deployment on cloud platforms through a guided, real-world project.

Python Skill Certification

Certificate of Achievement — One Roadmap

June 2025

Online

- Successfully passed the One Roadmap Skill Certification Test, demonstrating core Python programming knowledge.
- Gained hands-on understanding of Python fundamentals including data types, control structures, and functions.
- Validated problem-solving skills and readiness for real-world programming through an evaluated assessment.

PROJECTS

Marksheet Generator

April 2025

- Developed a console-based marksheet generator using Python.
- Handles student data input, calculation, and generates a formatted output with grades and remarks.

MY LIFE PHILOSOPHY

“Embrace growth, cherish the journey, and find harmony in every moment.”

MOST PROUD OF

- Trophy

Adaptability
Taking on a mix of academic goals, personal interests, and tech projects.
- Heart

Constant Learning
Actively learning new skills, demonstrating a strong commitment to growth.

LANGUAGES
